

i take a seat and  
sit down in my garden,

i found it!  
it's magnificent!

everybody likes to have  
a secret garden.  
it can be found everywhere:  
in the shadow of a tree,  
on the banks of a river  
or in front of a beautiful view.

all it takes is to bring your chair  
and make it (temporarily)  
your private garden.

offcourse, if you want it  
to be a secret garden:

...don't tell anyone!

via, via, vieni via di qui, niente piu ti lega a questi luoghi, neanche questi fiori azzurri...  
via, via, neanche questo tempo grigio pieno di musiche e di uomini che ti sono piaciuti...

it's wonderful, it's wonderful, it's wonderful, good luck my babe,  
it's wonderful, it's wonderful, it's wonderful, i dream of you...  
chips, chips, du-du-du-du-du (paolo conte)

...don't tell anyone

the garden represents a piece of nature. the vegetation is of knee-high grasses with flowering herbs: an abandoned pasture, ready to be discovered as a 'secret place'.

in the garden are 50 aluminium garden-chairs with 'my garden' written on it in different types of characters. a visitor can sit down, move a chair, reflect or confront and make a piece of nature (temporarily) his own private garden.
